Content Ops & Automation: Content Operations, Workflow Automation, n8n, API Integration, Process Improvement
Project Management: End-to-End Delivery, Requirements Gathering, Project Planning, Stakeholder Management
Tools: Claude Code, GitHub, n8n, Notion, Figma, Google Workspace, Basecamp, Trello, Unity
Languages: Indonesian (Native), Javanese (Native), English (Professional Working)

WORK EXPERIENCE

Senior Educational Editor | Dicoding Indonesia | Bandung, Indonesia | *Jan 2026 – Present*

- Automated editorial QA with LLM-based proofreading tools aligned with KBBI and EYD, cutting review time per module from 3–5 days to under 2 hours across 100+ modules.
- Launched an AI-powered design request workflow (n8n, Google Forms, Sheets, Basecamp) that handled 947 requests from 45 users across 8 teams in its first 135 days.
- Added automated LLM brief review that creates a reviewed Basecamp card within 10 seconds of submission, replacing unstructured manual requests and editor follow-ups.
- Managed each tool as a project: discovery, stakeholder requirements gathering, build, rollout, and iteration.
- Oversee content quality across learning paths; designed AI chatbot personas; contributed to gamification design.

Technical Assistant | Dicoding Indonesia | Bandung, Indonesia | *Jan 2022 – Dec 2025*

- Developed a RAG-based company policy chatbot used by 90+ employees that refers out-of-scope questions to HR.
- Built 6+ n8n workflows integrating Basecamp, Google Sheets, LLM, and Dicoding CMS APIs; automated course uploads cut publishing time from 3–5 days to 3 hours.
- Ran content publishing operations for learning modules, curricula, and technical assets.
- Wrote system documentation and user guides for internal workflows, plus SOPs for operational processes.

Curriculum Developer | Dicoding Indonesia | Bandung, Indonesia | *Sep 2018 – Dec 2021*

- Authored 8 online courses with 290,000+ total enrollments and an average rating of 4.90/5.00, including Belajar Visualisasi Data (135,000+ enrollments).
- Planned and delivered each course with subject matter experts and cross-functional teams.

Founder | Always Play Studio | Surabaya, Indonesia | *Jul 2016 – Sep 2019*

- Co-founded an indie game studio and led a 3-person team building educational and interactive learning games.
- Handled project management for 4 client projects, from pitching and scoping to scheduling and on-time delivery.
